Seminar about Sexuality Education for People Teaching Adolescents with Intellectual Disabilities

with

Annette Milligan

From Health Click

Annette is a sexual health nurse and educator who has developed a series of resources to support parents and educators teach people with intellectual disabilities about all those intimate things which can be so hard to teach.

This seminar covers:

- Teaching about personal hygiene
- What people need to know and why
- A view of the resources Health Click has developed: **Me** series & **Sex Smart**
- Plenty of time for questions and answers

Wherever we've taken these resources, the response is the same – there is nothing else like them. As a British woman said "these are the resources I always wanted but they were never available" – now they are. And they're enabling care-givers and parents to have conversations which are often difficult and provide valuable education.

- Who should attend: Parents, teachers, care-givers, teacher aides, OTs – anyone interested in the development of people with learning disabilities who are entering puberty, adolescents or adults.
- Cost: **No charge**
- When: **Wednesday 4th December, 2013**
- Time: **10.00 – 11.30am**
- Where: **Grey Lynn Community Centre, 510 Richmond Road, Grey Lynn, Auckland**
- **RSVP: info@menow.co.nz by Tuesday 3rd December, 2013**
